

PhotoInstant

Instant professional photos for your event guests

They shoot. They scan. They post. Tonight.

Your guests deserve better than a blurry selfie

1

Guests take bad photos → don't post → your venue gets zero social exposure

Amateur photos nobody wants to share. Your brand is invisible online.

2

Traditional photographers deliver photos 3 days later →

By the time photos arrive, the energy is gone. Nobody posts a 3-day-old ni

3

Expensive photo booths → low quality → guests forget

Props and filters don't replace real professional photography — and guests know it.

RESEARCH INSIGHT

3×

more engagement on photos
shared within 1 hour of an event

vs photos shared 3 days later

Professional photos. Available in 2 minutes.

■ I shoot your event professionally

Panasonic Lumix S5IIX. Full HD. Real photography, not a phone camera.

■ Guests scan the QR code at the bar

QR code displayed on printed cards and signage throughout the venue.

■ They find their photo instantly

Browse by time or face. No app required. Works on any smartphone.

■ Pay 1 AUD · Download HD · Post instantly

Secure payment. Instant full-resolution download. Posted while the night is alive.

"While other photographers deliver in 3 days,
your guests are posting tonight."

Instant = Virality for your venue

With PhotoInstant

- ✓ Photos posted TONIGHT while the mood is alive
- ✓ Your venue tagged in dozens of posts
- ✓ Organic reach without paying for ads
- ✓ Guests remember the experience positively

With traditional photography

- ✗ Photos arrive 3 days later
- ✗ The moment is gone — nobody posts
- ✗ Zero social media exposure
- ✗ Guests have already moved on

Every guest who posts = free advertising for your venue

50 guests posting their photo = 50 organic stories tagging your venue. Zero ad spend.
